Presence

Presence allows your contacts to see whether you are available and willing to communicate.

- The green presence icon indicates the user is online and ready for communication.
- The yellow presence icon indicates the user is online, but has been idle or away from the computer for over 10 minutes.
- The red presence icon indicates the user is busy and does not want to be disturbed.
- The grey presence icon indicates the user is offline and the only available contact method is to call.
- The question mark indicates a subscription is pending and the contact has not yet approved sharing their presence.

Tabs

The tabs give you quick access to make calls, view your directories and adjust your settings.

The Chat tab displays all your active and past chat conversations.

The Call tab displays the dial pad. From the dial pad, you are able to call any number. A long press on "1" on the numeric pad calls out to your voicemail.

The History tab shows all your call history. You can filter between all calls and missed calls.

The Contacts tab displays your buddies. You can add, edit and delete buddies in the Contact view, as well as access your company directory.
